Misinterpreting The Bible Due To Translations From One Language Into Another

It is obvious to me, from what I have been told ~ that the Bible has been written by dictation from those who speak with God's permission, written through mediumship. It is disconcerting having people praying for my soul, for my deliverance, based on this particular thing that I am going to read you. It is from the book of Leviticus. Chapter Twenty, "Should anyone turn to mediums or fortune tellers and follow their wanton ways, I will turn against such a one and cut him off from his people."

You must realize that the words that were given so many eons ago have been translated from the language that is difficult to translate into other languages. And that meaning has been misinterpreted in some cases, and in other cases, not understood. The meaning itself was interpreted differently than it was intended. There is, as I have mentioned so many times, much information bombarding the earth plane, not only now, but in the past. And there will be those who will take a certain sentence or two, or three, or entire passages, and feel that this is a message that needs to be given to others.

There are many, as we discussed earlier, who believe it is their duty to save others. You cannot avoid them. The more that you seek the answers from within yourself, the more you will be susceptible to those who feel that you need to be saved, you see. For when you find the answers within yourself, you do not need externals. And when you do not need externals, then these externals lose the power that they have. And therefore, their status quo is lost, or shaken, or threatened. And they would want to maintain their power in telling you what to do.

There are those who believe that they have all the truths that are. Know that there is no one source that has come onto the earth plane that has all of the truths. The Bible contains a portion of the truth. It does not contain the entire message. No one source could contain all that is true. There is too much. And it would be too overwhelming for the limited abilities of the earth plane dimension. There are Universal Truths that are understood only when you are at other dimensions and at certain levels of attunement. It would be too comprehensive. However, you know this, my dear.

You must all realize that you will have people that will come to you and feel that you need to be saved. You do not believe as they do, and theirs is the only truth. And therefore, if you do not believe as they do, then you are damned. It is a most difficult lesson. And it is a test for you, each of you, to develop your own strength and to develop the faith that you must have in the connectedness of you, as an entity, with The Universe and with The Creator. Each energy form is connected to The Creator. You must never lose sight of that. You must have faith in that. And when the tests come, it is a test of your own faith. It is not an easy path that many of you choose. For there will be many who will deride you and claim that you are evil.

Teaching Children A Spiritual Path ~ Organized Religion Versus Other Paths

I have children. I am comfortable with following my own path ~ not being part of an organized group, a church, or a temple, I was raised Jewish and then left that. I haven't been able to deposit my children in the care of a religion because of my inability to find a religion that believes as I believe that we are all connected. So I am left with raising my children spiritually and trying to interpret their lives in the manner I think is right. And every once in a while I get my doubts, thinking that I wish I could send them to church like all the other little children in town, or synagogue. So that is my quandary.

Yes. However, you realize, my dear, that you are helping these souls who have come in through you to develop their spiritual paths, and that because of your beliefs, you could not send them to a church or synagogue or any organized religion, for religion within the context of your life is not appropriate. Remember that I say WITHIN THE CONTEXT OF YOUR PARTICULAR LIFE. Religion is appropriate where it is appropriate for those who have chosen it to help them. You are at a point in your own path. And the path that your children have, they have chosen to come in through you for many reasons, one of which is specifically to help them evolve spiritually. And you are doing a most difficult task, especially in the resistance of the pressure that comes to you for not bringing your children to church, that they will become heathens.

But they believe in so much beauty.

Yes. You see, these are the externals who levy this upon you. And that does not matter, for they are beautiful, and they are seeing the broader picture. And having the spiritual feelings will give, in this particular case, a much better orientation. They are here, by the way, these entities of yours, to help in The Shift of the axis. They are very advanced.

Trusting In Oneself For The Answers

Last Saturday night while I believe I was asleep, I heard words. And the words said something like, "The attacks will end in two weeks. You will graduate." I do not know if it is wishful thinking or maybe they were correct. Can you tell me which?

My dear, you still doubt your own self. But that is fine, for you are learning. We have given you a little clue. The words are as you heard them. It is not your imagination. You will indeed be moving into another level. The use of the time frame two weeks is approximate. I have been attempting to pin down time more closely, as it is on the earth plane. It is most difficult to do, where time has no meaning here ~ it is an approximation. Know that it is nearing an end, what has been occurring. You have done a most admirable job. But it does not mean that things will get easier. It just means that your tests now will come at a different level and will manifest themselves differently.

A Question About The Disease, AIDS

I have a question regarding the disease, AIDS. I have been quite concerned about this for a long time, and I wonder if there is anything you can offer in the way of explanation for this.

It is a subject matter that we plan to address, but not at this time. The time is not right for the information, and it will come at a time that we feel is proper. There are reasons for it, of course. There will be no cure. I will say that now. However, that does not mean devastation. There are only certain entities who will be afflicted with this. It is a meeting of the self on a mass level. There are many instances on the earth plane now of masses of entities coming from experiences in the past that join now in this accelerated time just prior to The Shift. Do not fear it. Do not fear it. We will speak on it later.

The Purpose Of The Shift Is To Cleanse At A Spiritual Level

I was reading a book about Jane Roberts. In that book, Seth says that as the new age approaches ~ after The Shift, is my understanding ~ that we should draw from ourselves rather than external sources. Now the only point of what was said was that ~ you were somewhat telling us the same ~ is there a plan after The Shift to mostly have people more in touch with their inner selves, more so than now, where we are dependent upon religion?

You see, the purpose of this Shift is to cleanse at a spiritual level. That is the primary purpose. And in order to cleanse at a spiritual level there needs to be a cleansing at the physical level. Now when the earth plane, the actual planet, changes its vibration, it will be an increase in spiritual vibration that will accommodate only entities of a certain spiritual vibration. Those whose spiritual vibrations are not aligned with the planet Earth at that point in time will depart, will be taken. They will have no choice. They may try to resist, but it will be to no avail, so that those souls who remain are those who will be of a much higher spiritual vibration.

There are many now on the earth plane who have already attained that spiritual vibration, so that if the earth were to shift now, they would be able to survive. There are many who are close to it at varying levels. And part of our mission here, and until The Shift occurs, is to attempt to help as many entities as we can to increase their spiritual vibrations so that they will be in alignment with the earth plane when it shifts. So that after The Shifting has occurred, there will be greater harmony, for those who remain will have a greater enlightenment toward The Universe.

We estimate that on the earth plane it will be approximately one thousand years before contamination will begin again. You must realize that the earth plane has been established for a very specific purpose. And for those entities who were not spiritually attuned when The Shift occurs, and who are taken out of this dimension of the earth plane, they will be placed in other dimensions to achieve some type of attunement and

spiritual harmony. But that eventually, the earth plane will become the training ground again, the dimension in which balancing at an accelerated level occurs.

The Technology Of Atlantis And The Shift

The cleansing process that is about to occur has happened many, many times. Your scientists on the earth plane now are very arrogant. They think, for example, that recorded history, as they know it, six thousand years of recorded history, that that is all there is. It is all they are allowed to see. There are many, as you know, that would laugh when a discussion of Atlantis occurs. Know that before Atlantis there were many histories of civilizations, many that have not even been discussed in any of the information that has come through, for it is not important to know. Atlantis is the most recent in our analysis in terms of balancing, as the earth plane is, currently. So you see this is something that just keeps occurring for millennia upon millennia. And we allow information that we feel will be important to the evolution of your souls.

We, in effect, restructure the physical Planet Earth every fifty thousand years or so, and so that traces of civilizations from perhaps one hundred thousand years, or two hundred thousand years, even five hundred thousand years, are completely eliminated, for it would be too confusing. When The Shift occurs, there will be evidences of the Atlantean civilization. It will serve as a reference point for those who survive The Shift, and it will aid in the developing of the New Age, for there will be the physical remembrances of time spent in Atlantis.

Were civilizations as advanced technologically as they are today?

Oh far more, far more advanced. The advancement of the earth plane today is, in the scheme of things, an amoeba. Atlantis, ten thousand years ago, for example, was so highly sophisticated that I could not begin to describe to you. You would not have the knowledge of the technology. However, it was the eventual downfall, for with the knowledge and the power came not the responsibility, but rather an abuse. To have power, one must use it in a spiritual context, to Be of Service to Others and to help others. This was not done. And this is not being done now.

Can The Shift Be Averted?

Regarding The Shift, how is the earth plane shaping up these days? Does it look like anything is going on that might avert it?

Unfortunately not, my dear. As many of you may know from my other discussions, there has been the hope that the earth shift could be averted. We still cling somewhat to that hope, for anything is possible. There is still time. It would mean a tremendous mass shifting in consciousness which we do not see occurring. We see rather tremendous

numbers of souls increasing their attacks upon those of you who would have a spiritual orientation, and the conflict seems to be gathering strength, and so as things are now, we do not see that The Shift will be averted.

If something could occur ~ for example, there is a tremendous debt that the entity known as Khaddafi owes to the entity known as Reagan. They owe debts to each other. It is the reason for their conflict. They have not recognized that they owe to each other, and they are carrying out scenarios from past lives. If a breakthrough were to occur where they simply sat down together to talk and try to understand the differences that they have that could be a sign of hope. It will not most likely occur. The entity known as Reagan will be leaving the earth plane in a short time, a very short time.

The Russian, Premier Gorbachev, seems to be reaching out. We Americans tend to instinctively doubt it, but it seems like he really is trying. Is this true from your vantage point?

This entity is one of very High Light. He has taken on a tremendous path, a burden. He has chosen this particular manifestation, this earth plane manifestation, for very specific reasons. He is a very High Vibration, and you will have much positive feelings coming from him. It will not occur immediately, for there is much negativity towards him. There needs to be a cleansing of certain vibrations currently on the earth plane, especially in the United States, the entity Reagan being pivotal in this darkness.

So our instincts are correct.

Yes. He will be derided by those in the United States, but it will be by those who are of a lower vibration spiritually. Those of a higher vibration spiritually, recognize the Light already, just as you have.

How Will We Protect Our Children When The Shift Occurs?

You must realize that you cannot protect anyone. Their protection is their own vibration. As I have said before, the geographic area here is safe. It is one of the critical areas on the earth plane. There are many of them that will be safe. There will be destruction, of course. There will be physical buildings, these structures and all, that will have some destruction to them. However, the land itself will not cave under as it will in other areas of the earth. And at the same time, only those who have a spiritual attunement will be able to stay. I have, in my very early messages, indicated that if you are standing side by side with someone who is not attuned, you will remain and they will not. They may try to come into your shelter, and they may gain entry, but their soul will be taken out of their body regardless of where they are.

How Would We Know Whether We Are Attuned Or Not?

This is the Search for Self. Realize that if you are not attuned it is not a terrible thing. You must not feel that you must be attuned, for in the scheme of time it simply means that your vibration was at a certain level, and it was no longer harmonious with the earth plane and that you have to leave the earth plane and go do some other things. There will be many who will be of a very bright vibration who simply will not be of a high enough vibration, and the reasons for this can be something as simple as that you have not had that many lifetimes on the earth plane to develop your attunement, you see. It does not mean that you are in utter darkness or a negative energy or anything of that nature. It will, of course, apply to many of the darkness, but it does not apply to all. And if you are attuned, you will have a choice as to whether you want to remain or not.

There will be many who are attuned who decide that they do not want to stay after all, for whatever their soul's mission might be. They may not have come into this life to stay after The Shift. There are many who have come in who are already attuned vibrationally whose mission it is to help after The Shift, to prepare before The Shift, and to help after The Shift in the adjustments that will be necessary. You can begin to get a feel yourself for your attunements through your own meditations. You will know this. If you are attuned, you will know it. You will not need to ask. And if you are not attuned, you will not know. It is a difficult concept to relay.

I See So Many People Who Are Enlightened And Wonder If I Belong Here

You are here and therefore belong, my dear. You belong wherever you place yourself. You are opening up now. You have just begun to be aware of certain soul memories. If you were not to be here, you would not be here. For only those who need to be here, are. And when others are ready, they will be here. And when you no longer need to be here, then you will not be here. This is right for you now. You must not feel that others around you are more enlightened. It is not a competition. It is simply a desire to become all that you can become, at your own pace and not at someone else's pace. And that is all that matters.

You must not feel that someone is better than you. No one is better than anyone else. And when that attitude creeps in, as it does many times with those who are involved in what you call the New Age, there become power plays almost. Who is better than the other? Whose truth is the truth? Do not be caught up in this. It is hypocrisy. You are who you are. You are no better, no less, than I, or any of The Angelic Force. We are all a part of The Creator. We are all an energy form that is connected to The Creator, and we are therefore connected to each other, and we are here to help each other, not to be at odds with each other.

Where Is The Correct Place To Be Living Now?

Someone once told me that I have not yet turned the corner. I thought I had.

This will be revealed to you. It relates to your healing and the role that you wish to take with your abilities to heal and how it will fit into this geographic area known as Enfield. Know that this is to be a spiritual haven for many. It is just now beginning in its infancy stage. And there will be many, many souls here like yourself, and others will know that this is an area where they can come to for help in searching their soul's path. Just as they would come to listen to me and the others, they will also seek out many others who will have other forms of assistance. And so you have not yet turned the corner in the greater path. You have a greater path. But you are making decisions yourself at a Soul Level because the responsibilities, as we have discussed before, are tremendous.

Things will not be getting easier? They will be getting more difficult?

Indeed. From now until The Shift things will be more difficult. However, it is the path that you choose or do not choose. This is where you are now. You may consult with Mushiba about this. She will give you insights into your responsibilities, for what she does with all of us is a tremendous responsibility, not to be taken lightly, and not to do for a short period of time, and then when the heat gets really hot, to give it up. This is where you are now. You must reach that decision point that once you make the decision, there is no turning back.
