Open Questions Session ~ In Terra Lux New Environment

Now, we are gathered in this light environment, and we thought that for the return to our sessions with all of you that we would open up questions of general interest rather than to continue on our topic which, for this earth plane year, is Playtime on the Earth Plane. We will return to that topic in the next session. Thus, we would entertain questions, remembering of course that these would not be private questions, or personal questions, but rather questions of such cosmic importance, you know. (Waith says this with a tone of exaggeration) This is what our job is, the cosmic. So, let us begin. We know that there are many questions. (There is a silence) Who will be first?

Was there other than an earth plane reason for the move to this place?

Yes, indeed. All activity that each entity goes through has multidimensional purposes, not just earth plane, for if it were strictly earth plane reasons it would crumble, for the illusion is held together not only by the earth plane vibration but the vibration of higher levels of energy. And yes, this is, as you would say, geographically sound now for the progress into The New Illusion.

It feels much better then.

Well, yes, it is appropriate now. You see, vibrations change as growth occurs for all entities, and what was appropriate at a different vibration changes as your own energies become brighter and fluffier. That which you find yourself doing and being involved in changes to meet that vibration, and the growth of Terra Lux has been consistent with the growth of the mission.

A Discussion Of Planet Alignments, Now And At The Time Of The Shift

There is a lot being brought up within people and nations with the Uranus and the Neptune conjunction. Do you have anything to say about that?

With the upcoming earth cleansing, the finality of the earth cleansing, where the axis will shift and place everything into a different mode of energy, all those bodies that are associated with the planet Earth as part of its mission, what you call planets, are also configuring in ways that will seem very different to what is accepted as the normal. And the bodies of which you refer to are considered pivotal in the exchange of energy vibrations of those planets circling now and part of the planet Earth. They are all part of the earth plane experience, so that when reference is made to the earth plane, it refers not only to planet Earth but all of what are, in this illusion, the recognizable planets that surround and those bodies of physical composition that align in a certain energy

composition to create, at the very moment of time, entry onto the earth plane that then sets up the vibrational behavior and potential learning of lessons.

For any, any energy that comes onto the earth plane from whatever kingdom it may be in, be it The Human Kingdom or The Mineral or The Plant or The Animal Kingdom, all has accelerated now in its final destination. And just as energy exchanges are occurring on the planet Earth, energy exchanges are also occurring on this which is called planets. It will be for many who study the alignment of planets a most interesting time, and new information will be given to many who study these configurations if they seek out that information through their meditations. And you would be capable of having that information given to you through your meditations.

About alignment of planets, a friend of mine told me that there is a book on the market, saying that on May 5th, 2005, all the planets will align in one direction which will create a tremendous gravitational force towards the earth which will then create the imbalance of the earth and will bring it out of alignment. So, is this the day where we have been referring to when we talk about the earth shift?

Well, you know how well we are at predicting time. Now, let me ask you. If we, at the level of information that we have, if we are not able to give exact times, how then is an exact time being given out with any accuracy? You know, it makes for good selling of books, though, for one of the issues for the earth plane that many, many take on, is to know definitively, "Tell me exactly when it is going to be and when it is going to happen, and how exactly how it is going to happen?" And then, if it does not happen exactly as it was predicted, then obviously it was wrong, you see.

The concept is correct, that all of the planets will align. All works in harmony. Now when that is going to occur, from our perspective, it is imminent. We have been saying this since we first began giving information to you. But we were smart enough at the time to give you a range of years, as measured on the plane. Energies set themselves up for failure when they become so, so very concrete, and for disbelief. For, my goodness now, if it does not happen on that day, all those naysayers, as you call them, will say, "You see? It was hogwash."

Be most careful, my loved ones, of predictions of exactness that come from higher levels of awareness. It is, remember, one of the unique features of the earth plane that there is this thing called time. Other training grounds do not have the concept of time as you know it on the earth plane, and, of course, so many of you have been on other training grounds, and in your soul memories have the memory of learning lessons without the element of timing.

There will occur on the earth plane a particular moment in the illusion of time in which those planets, and all of the energy that is associated with the Webbing Effect, that this will occur. This is the reality of the current illusion. When exactly it is to occur, we would not give you that kind of date. We could be irresponsible and say, "Yes, all of you now

must gather for June 13th, 1999." And all gather on June 13th, 1999 in a field, waiting ~ waiting for the underground shelters to make themselves visible, waiting for all that has been said to be exact. Trust that what will occur will occur and that it will not be traumatic in the sense of a surprise. Just as all events on the earth plane are ~ occur in a progressive manner of acceptance and ability to withstand what you call disaster, natural disaster, so too will there be the preparation emotionally and mentally for The Shifting. It will be expected. This will not be considered so unusual, for the preparation for this will have happened gradually, as it happens now.

All of the natural, what you call natural occurrences of the earth plane now, are part of the cleansing, as we have said so many, many different times, under different questioning. This is all part of it. And it will, therefore, not be suddenly, cataclysmic events of which you would not be prepared. Think of the natural events that you have lived through and experienced in this particular life you have taken on. This is the end of the cleansing. It has been occurring for approximately five hundred earth plane years ~ three to five hundred earth plane years. This is the very end and of course there is much discussion generated. Hence, the desire to put closure, as you would call it, on the event. So, be most careful, my loved ones.

We do not say that you disregard information such as is contained in this book. However, that you, as with all information, view it as only part of the greater source of information and that you come to terms with your own truth rather than another's truth. And if it does not feel right, then discard it and find that which does feel right. Look beyond the concrete and look to the concept that which is not concrete, and you will find yourselves able to flow with this much more easily. Does that answer your question?

Waith Discusses Some Specifics Regarding Locations Remaining After The Shift

How does the state of Colorado fare?

Not well. There will be, most of that which is that state, simply disappearing. There is a portion in the first quadrant of the geographic area, northeast in the first quadrant that will remain.

And you said that Bar Harbor would be a finger? Is that correct?

That is a very interesting visual, yes. 😊 Yes. When we say certain words, it has a different effect oftentimes when ~ yes, a finger is an appropriate descriptive.

How many fingers on a hand?

It takes the configuration of that which is the thumb. That will be its shape. Not your question, but that is what we give you for information. It goes into the category of The

Shift and those areas that we will begin now to identify. We have not until now been specific. And we have, for quite some time now on the plane, indicated that we would soon begin to give out that type of information. This is the beginning.

Group Departures, Group Balancing, Judgemental Issues

I am curious about David Koresch. Is he the Son of Darkness or is he just some fanatic? Why was he put here in the first place?

That is his soul's path and we are not allowed to give that information out about another, just as we are not allowed to give out any information about any of you to others unless permission is granted. And in certain situations where we have given information, it has come from the higher soul giving permission for the good of earth plane experiences. This situation is now back into spirit and must be evaluated, and as all experiences, there is a settling in period before any decisions are made as to whether those of us who give information from this level would be given permission to share what this was all about, and that is all that we are allowed to say about this at this time.

Generally, it seems there is a tendency that people follow these types of leaders blindly no matter where it leads. This was Waco. Several years ago we had this mass suicide effect somewhere in South America. Is this just because it happened this time, or do you see a trend in certain ~

Do I see a trend? Remember that all that occurs now is part of the cleansing and that, as we have said so many other times, part of the cleansing is mass departure, mass group departure, for whatever the balancing issues are of entities who group. And soon, there will be the categories of our information to which you would have easy access, to read what we have given, for example, regarding Group Balancing, and that when large groups of entities depart at the same time, one thing that you can know is that it is a Group Balancing. It is meant that all of those entities found their way into the group. Regardless of how farfetched it would seem that their interests lay and their earth plane lives might be so different from each other, they ended up together in whatever situation.

When you have flying the airplanes crashing, and all leave the plane, it was meant. It was ~ this was the plan for group departure. Some groups gather not to depart together, but to work together and balance in whatever issues have brought them together from other experiences. Thus, regardless of why a group gathers, understand that it gathers for balancing, and it becomes an identifiable, cohesive grouping, and that whatever leadership is involved,

it is not for any of you to judge. It is none of your business, just as your path is no one else's business. It is judgement to assume anything, and you do not know whether there is teaching or learning occurring. And be careful, when we have said so often, that what might appear to be a negative behavior may not be at all in the scheme of energy growth and learning. You simply look at events that occur now on the plane as part of

the cleansing. Everything is accelerated now. There is nothing that is not moving at a very, very rapid rate. And understand that whatever is occurring, the energies involved in that particular event have chosen to do this, just as you each have chosen what you do, and the events that occur in each of your lives has been from planned, deliberate choice.

And as we have said, it may not be at an earth plane level, it could be the Soul that is kicked in and said, "This is what has to be done," and the Higher Self is struggling as the intermediary to try and get the earth plane energy to work in harmony. But the most difficult concept, it appears, on the earth plane, is that the energy, each of you encased, accepts the responsibility for all that occurs, and that you have chosen whatever it is that happens to you. You have chosen that.

And so, rather than look at events occurring as disasters, or as bad, or look with pity at another, look at another with love. Look with Unconditional Love, and if you feel that this situation that you observed could use Light, then freely send the Light into the vibrational area of that entity or that grouping, knowing, of course, that one cannot impose Light upon another, to be made available if they so choose. And recognize that they are working on their path. As disagreeable as it might appear to you, or disharmonious as it might appear to you, it has been chosen by the entity.

Think of the groups in which you each find yourselves involved, be they two or three entities or larger groupings. Think of all the various groups, for each entity on the earth plane finds themselves in the minimum of one grouping. Most of you find yourselves in many, many different groupings, each having various harmonies, some very harmonious and others not quite so harmonious. And you know that you must work with this. You know that it is your path.

Thus, devote your own energies to your path rather than be worried about another's path. Curiosity is one of those issues that the earth plane makes available for the learning. Some entities on the plane have a very, very high curiosity. They want to know about everybody's business. They want to know why everything is happening, and, as a result, oftentimes, neglect their own growth, for they are so concerned about what everybody else is doing.

Rather, be concerned with your own growth and how that is interacting with the groups in which you find yourself. Concentrate on that, for then you have the ability to send brighter, higher Light to those who would need it, for you have developed your own strength. The stronger each of you becomes, the greater your ability to Be of Service to another who may call upon you, at either earth plane or spirit level.

You said it is important for us to recognize the events in our lives as choices. What about people who are very close to us when events impact very strongly on our own lives? Are those also choices that we make, or agreements that we are making with them on another level?

We return you back to part of what we have just said. Each of you has your own path. You have to take responsibility for your own path. Each of you, however, groups with others, and you do this deliberately. This is part of the plan. It is part of your path and you work in conjunction with either one other entity or several other entities. And so, as part of your path, there would be interactions with another, so that, to make this a simple explanation, one other person agrees at spirit level ~ and this agreement can come after entry into the plane ~ it does not always have to happen prior to entry ~ agrees that there will be a learning and a teaching of the two on particular points in the path, so that each of you has your own path that you must continue to walk upon. However, you connect at certain points in your own path where the connection itself becomes part of the path. Do you understand?

Specific Events Relating To The Shift ~ Changing Weather Patterns ~ Land Masses

Can you talk about some of the specific events that will happen during The Shift and the order in which they will happen?

We have indicated that there are three major earth weather activities, earthquakes, hurricanes and ~ they are also referred to, in other parts ~ tropical storms ~ cyclones. Earthquakes and hurricanes, as you would call them, and tornadoes. These are the major types of energy that then create such things as volcanoes and floods. The ocean floor becomes disrupted. The energy in the air changes. You will now begin, as we have indicated in another time, this has begun to accelerate. These activities now accelerate on their own acceleration. This is the way in which land masses will disappear.

As we mentioned earlier in our session here with you, this will not be a sudden type of situation. There will be some, when The Shift actually occurs, there will be the shaking out. However, you know, this East Coast that you have here is pretty much history. And you see the evidence of this gradual disappearance of land. The ocean moves further up. And it is done in such a way that while it is occurring, of course, the storm wreaks havoc, but when the storm is over, all of you say very nonchalantly, "Well, another fifty feet of ocean is gone ~ of land on the ocean is gone." As if, "Well, okay, it is gone," you see. So each of these storms or weather behavior takes away a little bit more each time.

We have indicated that the Vibrational Zone in which Terra Lux is located is, of course, what you call a safe zone. It goes into a tropical weather pattern once the cleansing is completed. There will be much heat now occurring, and then there will be much cold, and then there will be much heat. We have said this quite, quite some time ago, that it will be what you call record heat and record cold, and when it should be hot it will be cold, and when it should be cold it will be hot, as well as extended periods now of intense heat followed by very, very cold. This is The Shifting.

This is occurring around the earth, strange weather patterns, as it is being referred to. It is not strange for a cleansing. By the time it is ready for the planet to shift, it will be a relief that it finally ~ you know, there will be a little bit of land over here that is still hanging

on, refuses to be washed away with a hurricane. Therefore, it hangs on. It could be that it ~ we are waiting to see if it is going to be vibrationally attuned to the new earth plane vibration, because many energies make their decisions right at the very end, whether they want to stay, or not, into The New Illusion. So the planet shifts and goes like this, it shakes, and if that little piece of land wants to stay, then ~ and it is able to stay, it will. Otherwise, it is easily just taken away. This is applicable to humans also. Remember, just because you are physically located in a safe area does not mean that you are safe. It means that the land is safe. All the McDonalds will go. We have said that. ☺ No more McDonalds.

What areas of the planet will start to see these events happen first?

All have now, my son. All have. They began seeing these events, as we have indicated, three to five hundred years this has been occurring. The acceleration now is in all parts of the planet. There is no part of the planet that is left untouched by these. Even in what will be areas that remain, there is a cleansing. Trees and their energy leave and they disintegrate. Room is made for the bringing in of new ground. So, as you see trees and ground being cut up and destroyed, remember that it is no different than The Human Kingdom cleaning itself and deciding, "I will stay. I will go." The trees are part of the plan. They are cut down. It allows the beginning of a cleansing.

You may think that, for example, a new road is paved over this area, but it is a cleansing, for it has taken the trees away who have decided they want to leave and to make room for new vibrations. And the pavement, if it is still around at the time of The Shift, if it is still hanging on, if it is meant to stay, it will. If it is not, it will go. You know, you are not going to be moving into a primitive illusion. The Shifting does not mean that you all will start from ground zero here and be in caves and be eating dinosaur meat, you know. ☺

Are The Vibrational Rays Of The Sun Increasing And Becoming More Dangerous?

To answer your question regarding the energy from the sun, there are many now on the plane who will begin to develop a very high sensitivity to the sun, for the sun is changing in its vibration to be prepared for the earth plane's total new vibration. And what you need to understand is that there will be some energies on the plane not affected at all, for their vibration has already matched that which will be the new earth plane vibration. Those energies who are in transition, who are attempting to raise their vibration, will feel the effects. And, as we have spoken so often, those energies who choose not to stay, either for The Shift itself, or after The Shift, are being given now numerous opportunities to leave of their own accord. And thus, it becomes an individual situation that can be taken care of by meditation and awareness that there is a vibrational difference with all of the energy that is related to the earth itself and those who inhabit the earth.

Percentage Of Water And Land After The Shift ~ Brief Discussion Of Transitional Kingdoms

The percentage of water versus land now versus after The Shift. Will it be more water and less land, or will the balance be roughly the same?

Why is that important to know?

I was just thinking about whales and dolphins, if there is going to be more of those types of animals on the earth. It struck me, if there is more water. It is probably a silly question.

No, we found it to be curious. As you know, oftentimes, your questions to us, we find to be curious questions, not silly at all, but simply, why would you want to know that? However, you have given us your point of reference without us having to determine it ourselves.

Understand that The Animal Kingdom undergoes the same type of changes that The Human Kingdom, some will stay and some will not stay. There will be changes occurring. And that which you know as dolphins and whales will be one arena out of that which is not really an Animal Kingdom, but a transitional kingdom between animal and human that will change as the dimensions of the vibrational configuration of human and animal change. The transition must ~ we have not really discussed transitional kingdoms. That is a topic for another time, just to understand that dolphins and whales are transitional ~ part of transitional kingdoms.

There will be approximately fifty/fifty percentage of land and water at the beginning of The New Illusion. As the illusion begins to move along, that configuration will change. This is true of every illusion ~ the beginnings of every illusion. It is fifty/fifty, the balance is there ~ at which point, just as the lessons begin to take hold in The New Illusion, changes occur with all of the vibrations in the various kingdoms, regardless of any concentrated attention as to percentages. It happens very naturally, the changes in percentage. In some illusions, the percentages go higher for water. In other illusions, the percentages go higher for land. It is dependent upon what the mission of that particular illusion might be, and it all relates to balance.

Discussion Of Crop Circles ~ The Underground Community ~ Some Locations Identified

What are the messages that are being given to us through energy manifestations like crop circles in England? Are those from the earth itself? Or are there other sources?

Well, you know, we have ~ we are on record for this crop circle thing, when it was very predominant a while ago, and, of course, the scientists have tried to come up with all types of logical reasons and all of that, and it is quite simply an underground shelter that has been ~ the energies have been working. And this is true in all parts of the planet where underground shelters are being provided by The Underground Community. And the, what you call simply, the roof, but from an energy perspective, there is a certain energy flow that is created that brings out this physical manifestation. It goes away once it has completed its task. It could last, in some areas, for several years, and in some other

areas for only several days. Many of them go unnoticed because of the area in which the above ground land is designed. You know, the underground shelters can be underneath buildings currently on the earth plane, and thus, that energy would not be visible because of the building. Nonetheless, it is still there.

The fact that they have been noticed, though, and there has been a lot of commentary on it, indicates that there might be some conscious communication or interaction now with those of a different level.

No. That is not really what is happening. It is simply that they are not consciously trying to communicate. They are able to communicate, and do communicate, with above ground energies in ways that ~ just as easily as each of you speak. When there is anyone who they need to contact, they are able to. There is no need for them to have to make mass communications or to make themselves known at all. There is ~ this is not part of their mission. It is simply that where they have chosen to construct a shelter, it may be in an open field, and it is only because of the vibration and the knowledge that a particular area is safe. So there is no great awareness attempt being made, not, at least, with this group of energies.

It is fascinating.

Well, you know, it gives you all something to talk about. ☺

For the newspapers. Yeah, sure. Waith, we have not touched a good point this subject for quite some time, these underground shelters. I was wondering, I mean, with our way of thinking, how this can all happen? I mean, what type of energies are these? Are they working on a different level difficult for us to comprehend?

Yes, you ~

I mean, they are doing this in preparation of the ~

He asks this question periodically. ☺ It is already in the record, and it will appear in the category ~

The miscellaneous one.

No, there ~ one of the categories, of course, will be The Shift and the cleansing. And rest assured, my son, that your question will be there for all to be able to hear. And the information has not changed from then to now. Our answer is still the same.

After The Shift, Where Will The North Pole Be Located? Other Land Masses Not Remaining

The polarities will be East and West, not North and South.

So, where will the East Pole be located?

It will be to the east. ☺ And the west will be to the west.

What about the West Coast, like California or Oregon? Is that all going to go away?

Parts of the West Coast will remain. Portions of that which is Washington State will remain intact. California is history soon, soon. We attempted to give a time frame to that in one of our more naive moments of our own awarenesses, and we have since not done this, but it is part of that which will not remain.

Does that apply to Utah and Nevada also?

Yes, it does.

Apatite, A Newly Discovered Stone ~ It Is Part Of The New Illusion

Before you depart, could you give us some general information about this new stone that is come into our environment? It is called apatite, A-P-A-T-I-T-E.

Newly discovered. Yes. Part of The New Illusion.

Do you want to hold onto this one?

Yes.

There is not a lot written about it.

Of course not. It is part of The New Illusion. There would not be anything written on it. It is your chance to write something on it, my love.

Oh, can I write anything?

We present to you a challenge, since the connection with The Mineral Kingdom grows with you, and your abilities to communicate grow. We would challenge you now to speak in your meditations or simply in your exchanges with this very particular one that we have opened the energies to, and let it tell you what its purpose is. And then come back to us.
