The Tenth Anniversary Celebration ~ The Ending of Phase I and The beginning of Phase II

We bring to you all the very Highest of the White Light from the very Highest of the Kingdom of Amelius. Welcome to our Tenth Celebration! We are most pleased that we have reached this milestone in our time with you, as you would call it on the plane. We have spent this First Phase of our mission bringing in to you the foundation for that which will be for quite some time on the earth plane ~ well after our mission is completed, through Mushiba and through Terra Lux.

Waith Guides The Group In Closing Out The Energy Of The First Phase And Opening The Energy Of The Second Phase

We, now, in this gathering with you are going to close out the energy of the First Phase and present the opening of the energy for the Second Phase. It is an exciting time. You know we have indicated there are four phases to our mission, and there has been some interpretation of that four phase component as indicating time, "Well, the First Phase was ten earth plane years ~ therefore, this must be a forty year mission, for each phase will be ten years."

Well, the First Phase was ten earth plane years. However, that is all that you can count on for now in terms of time, for the Second Phase will begin in this current illusion and will end in The New Illusion. However, time will not be as you currently know it. So, jump on for the ride, my loved ones, for time in the future for our three remaining phases has no relevance to that which was the time of the First Phase. We will not indicate whether it is longer or shorter ~ that will be part of the joy of going on this journey.

Now then, we will first close out the energy of the First Phase, and then we will give to you a discussion of energy as it will be in the Second Phase. You have been given as gifts from us ~ through our mineral kingdom emissary, Stuart ~ a symbol of the new energy shape. The Metagers have coined it Mr. Peanut. They have cautioned me to pronounce the word peanut very precisely. ☺ We have practiced this. Others may find that the shape resembles some other image for themselves. It matters not what you would call it. What matters, of course, is the shape and the symbolism of that shape. The beginning of our Second Phase, in conjunction with The Metagers, will be the teaching of the use of the new Energy Force Field and the conversion from the current Energy Force Field into the new Energy Force Field. This will be what we will do as we move through our Second Phase.

You all are so comfortable, we sense, in this gathering, sort of stretched out or simply mellowed out. We are going to ask for volunteers. The volunteers who we would have participate in this energy of closure would move into this arena of white that our love here has developed ~ white, soft, peanut shaped. (Waith assembles some members of the group around the peanut-shaped rug in the center of the room)

And now, the transition occurs. First, we close the energy of the First Phase. We stand at this positioning with our arms outstretched ~ that is very, very fine, my loved ones.

Now, all in the gathering close your eyes, breathing slowly and bringing yourselves into a sense of calmness. Begin to visualize the shape of the pyramid ~ the pyramid shape. It is the Energy Force Field that currently surrounds the earth plane and protects the energy of the current earth plane. Visualize this pyramid.

Those in the encirclement, take your visualization and bring it into the middle of the circle that you form. Visualize the pyramid shape in the middle of the circle. The others of you in the gathering, visualize the pyramid shape surrounding your encasement. You are in the middle of the pyramid shape. And those of you in this gathering who have enshrined yourselves in the pyramid shape, keep yourselves in this pyramid shape through the remainder of this exercise.

Those of you in the encirclement, now, envision the pyramid shape in the middle of your circle beginning to enlarge, and as it enlarges, you fill it with beautiful White Light. And repeat after me. (All are repeated)

- *We call upon the very Highest of the White Light ~*
- *To fill the pyramid shape.*

Fill it and enlarge it. Now, visualize this pyramid growing bigger and bigger. It begins to move out of your circle, and it moves upward. It is growing larger and larger, and it is filled with the very Highest of the White Light. It moves higher and higher, filled with the White Light. As it moves higher and higher, you are helping it to expand and become larger and larger and larger. See it begin to disappear ~ it is moving out into other dimensions ~ it moves, it moves. Envision its movement. It begins to disperse now, and its energy is scattering.

Feel the beauty of its energy. It now moves back into The Universal Consciousness ~ its job is completed. Slowly now, you bring your own energy of Light into the middle of your circle and feel your energy merging with each other's energy. It is a Ball of Light. Now, visualize the shape of the white material that you encircle. Visualize that Ball of White Light now taking on the shape of that white material. Envision protective White Light circling this shape.

Now, envision that Protective White Light forming the same shape as the white material ~ it is the new energy shape ~ visualize it ~ feel it. Those outside of the circle in the gathering now visualize the pyramid shape lifting from around you and moving up, up, up ~ filled with White Light dispersing into The Universal Consciousness. You are now in the energy of the new shaping. You are protected.

Now, those in the encirclement, repeat after me. (All are repeated)

- *We bring into this vibration ~*
- *The energy of The New Illusion.*
- *Its shape and its form will serve us ~*
- *As we will serve it.*

And now slowly, bring your arms down to your side and bring yourself back into a state of consciousness and open your eyes. And all those in the gathering return into the state of concreteness. Breathe in and breathe out. As you return, now, to your comfortable spot, take with you a balloon to hug. (Gold balloons are scattered throughout the room)

It is sort of like an hourglass, too. (Referring to the shape of the energy of The New Illusion)

It could be that also, my love.

And so, my loved ones, now the First Phase of our mission is officially closed. The bow is tied and, yes, you may applaud! Yes, indeed. (Applause from the group)

However, as we have said to you so often, there is a Nanosecond allowed to take your breath and say, "Ah, we have balanced, and we have completed a particular issue. Now it is time to take on something of more challenge ~ for the Second Phase of the mission is indeed more of a challenge. Many of you in this gathering will move right along in this journey with us in The New Illusion and in the Second Phase of this.

Waith Talks Of The Pyramid Shape Of This Illusion, And Gives A Description Of The New Fluidity Of Energy Shape For The New Illusion

What we will give you, very, very briefly, is a diagram. The Metagers have seen this before. They were laughing, in fact, at my artistry ~ or lack of. However, we do our best. Now then, what we show you first is what you know as the shape of the pyramid. This is the Energy Force Field that most on the plane are currently still working with. It moves, actually, from top to bottom, or as we have often said to you, north to south, you see. And there are extensions on both of the sides at the base, you see, and at the top, that connect this tunnel that you know as the Chakras ~ it has often been referred to.

This particular configuration of energy is very limiting. You can only go up and down and you can only go to certain points outside of this tunnel as they relate to the pyramid shape. This has been by design for this particular illusion. In the Atlantean illusion, for example, there was a very different configuration of energy and that all changed when this illusion began.

Now then, this new shape that we have shown you is the new Fluidity of Energy ~ it is much more fluid. We will show you how it superimposes over the pyramid shape ~ for

indeed, it replaces the pyramid shape. When the new structures are constructed at the time of The Shifting and the pyramid shapes dissolve, the new structures will be in this shape. Many who have been listening to our words for these ten years have often tried to guess what the new shape of the structures would be. They have come up with many different designs, and it is now that we officially place onto the record that shape ~ and we will begin, then, to teach how to use the new energy shaping.

So, this Fluidity, however, has no real beginning and no real end. As you see, the pyramid has very definitive lines, and in order to enter into your Energy Force Field, you must go in through one of the points in the tunnel. Traditionally, many go in at this particular point known as the middle Energy Center. The top Energy Center is another favorite entry and exit point.

We will be giving much discussion in the coming time of the Second Phase to the way in which this peanut shape ~ or bone shape, or hourglass, or bow, or whatever you would want to describe it as ~ this is actually a bit lopsided now that we get a sense of it. (Waith refers to his drawing)

East to west, however, is the flow of energy ~ and this is a most critical component of this. Entry is through any point in this fluidity and exit is through any point. However, there are points of closure. One is related to interdimensional travel and one is related to interdimensional communication. And these are what we will give to you as time progresses. We wanted to simply introduce it at this time as the opening dialogue in our Second Phase.

The Teaching Of The New Energy Force Field ~ By Metagers And Others Who Have Been Trained

We also want to emphasize to you now that those who you have known as The Metagers will take on even greater responsibilities in their work with us. We will begin by indicating that the teaching of the new Energy Force Field will be done by all of them, working under the guidance of Mushiba who will be working, of course, under the guidance of us. So, there is always that line of connection. What you receive for information from them is what has been given by us in our teachings to them. We have been spending much time in the Summer Retreat introducing them to these discussions, and we will do more in the coming Summer Retreat.

There are many of you in this gathering, and many who are not in the gathering now for a number of reasons, who will be called upon to participate in these teachings ~ working with The Metagers ~ and eventually, being able to teach on your own without being in our wingspan, if you will. For that is the way it must be. It begins with a small core of trained entities who then train those who will train those who will train and teach.

Our Metagers are here to serve you, and who serve us, as we serve them. And it is them that all of the work that we must do in our Second Phase will be through. It is only

through their efforts that any of our work happens in the concrete, and we take this opportunity at this closure and opening point to publicly acknowledge our appreciation of what they have done and to acknowledge what they are about to do. For all of you who wish to become part of this journey through the studying of our information, the learning of the new energy, will be in touch with one or many of The Metagers.

Many of you have already begun to come closer into our vibration to help. And many of you now will do more, for it is the calling. We will not go into that trite phrase that is currently on the plane of being called, and all of that sort of thing. In any event, this time, then, is one of joyfulness. We are pleased that you have come here. We are pleased to be part of your energy.

As usual, we have given gifts to you. It is a bit of a different gift in this gathering than in other Anniversary Celebrations. We have given you a mineral kingdom, very specifically carved out by the gentle hands of Stuart in the shape of the new energy ~ and, of course, a card designed by one of our Metagers. And when we have finished in this part of our discussion, we will sign each of your cards and infuse in your mineral member an energy.

So that you can be prepared for that, we will do that during the social time. When the tape is officially completed, we will be seated and we will do that for you and you may then socialize while you are waiting to have us sign your card. Then when we are completed, we will leave ~ it is as simple as that.

We have, as part of our beginning and ending component, lights for you ~ gold candles. And, as we are lighting this first one here, we say to you, then, that we give to you the vision of Light and the vision of beauty, and this is to remain in your hearts and your souls as you journey through your days on the plane. This is the symbol of eternal life outside of The Universal Consciousness. We emphasize that, you know, life is not eternal, as some would think. It is eternal outside of The Universal Consciousness. Once you get back into The Universal Consciousness, life as you know it is not what you know it ~ very profound words coming from an Archangel!

We would want you, as you come to have your card signed, to pick up one of the candles and light it from the main candle and simply hold this for a bit of time as you socialize, just to remind yourself, and to remind each other, of your beauty and your love for Self and for each other.

If any of you are so inclined, before you leave the gathering, this white cloth can be used to symbolize for Self a concreteness of this new energy and can be used as a meditation focal point. My love, we saw you when you first arrived ~ automatically, very naturally ~ laying upon this with the balloons surrounding you. It is exactly for that type of behavior and we present this now so you can see how easy it is to design one. It does not have to be exactly like this, you know! Be careful of saying it must be exactly the way Waith designed it. It is simply a configuration of fluidity. You can use it in that large shape or you can use it in a smaller shape.

And now, there is one who will speak to you before we begin the signing ~ who wants to say hello.

Farena: Hi! Hi! Hi! Happy beginning of the Second Phase. We have to be even more fluffy than we have ever been. Lightheartedness, my loved ones, Lightheartedness ~ the exaggeration of Lightheartedness ~ oh, do it! Exaggerate the Lightheartedness, for that shows the true comfort you have of Self and the strength of Self ~ that you are able to be exaggerated in Lightheartedness, and then it becomes natural.

Laugh!!!!

Ha! Ha! Ha! Ha!

Farena: Better than that ~ Ha! Ha! Ha! Ha! Fluff! Fluff! Thank you all for coming. The book with my poem is coming out soon ~ yes! I have to go now. Bye! See you soon in the next phase!

Waith: So, my loved ones, would there be any questions ~ not of any seriousness and profound nature here, but anything that you would want to ask relating to the transition and what we have talked about here?

Those who have pyramids in their homes ~ are we to disassemble them?

No, you would not disassemble them. They serve as the transition, you see ~ for the pyramid structures remain until the very moment when the new structures are constructed and the energy is exchanged. So, there can never be even an instant without the configuration of energy that surrounds the earth plane. Some may feel that they can do that, but for many, keeping the pyramid structure is a most beneficial symbol of continuity. And, of course, there are many who will not be staying for The New Illusion, and so it is appropriate for them to keep the pyramid structure. And those of you who will be coming into learning more about the new energy structures will learn more of that transition and how to work with those who are not going to stay into The New Illusion.

So, now, my loved ones, it is time for us to close out this session. We will be seated and will take your cards for signing. Remember to take a candle and light it, and enjoy the healing food. She tied the bows, I understand. (Waith refers to the bows on the bundles of cookies which were made as gifts for the group) We send to you all the very Highest of the White Light from the very Highest of the Kingdom of Amelius. Farewell and into the Second Phase!
