SEPTEMBER 13, 1998

PRACTITIONER LEVEL ~ INTRODUCTION

Waith: We bring to you the very Highest of the White Light from the Highest of the Kingdom of Amelius. Greetings! Hello!

It's been a while!

It's been a while! Hello! Hello! Speak!

Oh, howdy there!

Indeed! We have purposely gathered a small grouping, specifically for our own reasons, as you have all come to recognize. There is a twofold reason for the small gathering. The first relates to the way in which this gathering was presented to the public, which we will talk to the Metagers about and Mushiba so that lessons can be learned. The second is far more important, and that relates to (Name given). We understand you want now to be called (Her spiritual name). And (Name given), my love, in terms of your moving into the Practitioner Level of the Search for Self, and the responsibilities that will be brought upon you as a result of taking the challenge, if you will. And for the energy new to this environment, at least at this dimension, (Name given). Now have the three of you met the new energy?

Lesson number one. Practitioner Level. Someone new comes in, you immediately go and greet them. Just a little Angelic reprimand.

My love, welcome.

She (The new energy) has taken on the challenge. Even though she has not participated in the INITIATOR LEVEL of the SEARCH FOR SELF, she has taken on the challenge of becoming closely involved in other types of activities in the arena that Pooh has with the teachings in his arena, and she has become a student of Pooh's in a way that far exceeds the ordinary classes that are being held. Thus, she comes in at a level of understanding that, while not having heard all of our words in these wonderful twelve years, having absorbed all of the pearls of wisdom, having read everything that we have said, and found them just incredibly entertaining and insightful ~ nonetheless, comes into the arena with an understanding of the basic premise upon which our information is stated, and will of course learn the specifics of the information, as she not only works with Pooh, but becomes involved in the other activities of Terra Lux.

We will be introducing by the end of this educational season, what we referred to many, many years ago to the operational group at that time, what is called The Fluidity of Terra Lux, and it is the way in which the whole mission is brought together, and the three components that enable the entire mission to function and to be truly the outreach mission that we have intended, and thus the three of you have taken on the challenge. And with that, of course, comes testing at a much higher level. For (The new energy), the

same, has taken on a particular challenge, there will be tremendous testing. You encountered it in the early morning hours of the day, the dark's attempt to keep you from being here.

The testing is not unique to any of you, every one of us is tested when we say we want to do something of a higher level to increase in our levels of awareness. It becomes even more testing oriented when there is a particular mission of the light that has been put into place that threatens the dark. Not all the missions of light threaten the dark, especially to the extent that our mission does, and so you each will be given your own testings, and your own strength will shine through, we are quite certain. We have no doubt.

Practitioner Level means just that, now does it not? Practice, practice, searching for Self ~ ah, however, searching outside of Self, as you search for Self, responding to the world around you. Indeed.

So this attire, by the way, my love, is quite harmonious, except for what we can tell from Mushiba's energy, a bit of the shifting, as you would call it, of the material. It is comfortable. There does not appear to be the sensation that we have felt, scratchiness, itching. It does not appear to be that. Some of the attire that Mushiba has worn has been itchy. It is all well. Ah, indeed.

I was trying to figure out what the noise was! It's rubbing against the mic!

Ah! Indeed! There would perhaps be the removal of this, my love. This is one of the reasons for this gathering is to do testing, indeed. It would want to go with Sasha, Sasha.
😊😊

Ah! We apologize, Pooh!

I tried not to hit it against him!

We sometimes forget the sensitivity of our movement toward that of the recording equipment. We are sorry, my love. This material is very nice and apparently creates noise if not handled properly. Swishing noise.

It's okay ~ (Inaudible remark)

When the arms move, is there any difficulty?

(Inaudible remark)

Well, that would be appropriate now wouldn't it? 😊😊 If they are Mushiba's wings, they are crooked. If they are our wings, they are perfectly harmonious. Along with the halo, absolutely stationed correctly, indeed.

Comfortable!

And if Waith is comfortable, then everyone is comfortable.

Waith should be a little more comfortable! If Mushiba is comfortable, then Waith will be comfortable!

Indeed, indeed, it all does flow downhill ~ much of what you would refer to. Yes, indeed. In any event, the others would like to come in and say hello, and it will be an opportunity for (The new energy) ~ before doing that, vibrational names seem to be something that is appropriate at this moment for you to think about. We are not, our habit is not to just give vibrational names, although we have.

Usually, we like the entity to come and beg us to give them one. We enjoy that kind of process. In the early days, it was much more fun. We had a wonderful time for there were so many who wanted the game playing component of the search as opposed to the seriousness of the search, and they wanted to feel privileged that they had a name, and so we had tremendous fun playing. Well, you have one letter of the name, go back and meditate and come back to us and we will let you know if you are progressing.

Vibrational names come from within, as well as for us to give them to you. We are not saying that necessarily the name that you have is inappropriate. However, you may find that as you are searching within Self, that you would perhaps think of a name that is a bit different from what you have, that has perhaps a ringing sound to it. When Farena and Barjan are in this next gathering that is coming, Harmony and Creation, it may be a very wonderful opportunity for you to find that sound within you that would indicate, "Oh, this might be a name that I would like to use in my spiritual teachings." Then you too can be schizophrenic and have your earth plane name and your name for spiritual teachings, indeed. We wanted to bring that up before the others come in. Feel free to ask any questions before we allow the others to come in. Are there any questions of us?

I have an apple polishing question! Did you have a nice break?

Very nice, my love, indeed. Naturally, we had a very nice retreat. Yes, indeed. We will not go into it at this point. Usually, it is (Name given) who has the appropriate questions.

I should have asked her if you wanted to me talk some of these things ears out once in a while!

Indeed. Wonderful energy. Well then, the others will come in and say hello, not in any particular order, just as they happen to be ready to say hello to you. It will give you the opportunity to meet the others in The Company. It is quite important that you have that connection and that you can reacquaint, each of you with the others.

Farena will come in last. She does enjoy being the last to come in. We will return when they have finished.

Francis: Greetings to you, I am Francis. Greetings! Greetings! Commonly known as Frank. ☺☺ Not to be too serious. So much more light now, thanks to Farena and others in The Company. What is my mission in The Company anyway?

Giggling.

Francis: What is this the Practitioner Level group? Do not help them. Remember that one of the things that we did in our last incarnation was related to animals and the formation of spiritual groupings. Therefore, we are in charge of... (There is a pause)

Community!

Francis: THE COMMUNITY OF SELF is our component in THE SEARCH FOR SELF, and then The Animal Kingdom is our secondary mission, so we are charged with helping entities to become harmonious within the larger grouping of Self, and the community that all serves each other. The community of other energies that surround you now, within your encasement and external to your encasement in this gathering, is infinitesimal, cannot even be counted, there are so many encasements interacting.

You sit on consciousness, fiber. The color that went into the fiber on the rug is a kingdom of consciousness. You are all surrounded by multiple layers of consciousness, all working in harmony with each other, not just The Human Kingdom. Indeed, The Human Kingdom, if left to their own accord, would be quite, quite interesting to watch. We are very pleased that in this educational season, there will be an Animal Kingdom Symposium, and we will be bringing in much information that is currently not known on the plane, regarding The Animal Kingdom and its transformation into the New Illusion.

This will be an especially good component for you, my love, in understanding The Animal Kingdom, not just from the dimension in which you currently exist, but the interdimensional components. You will have other occasions to speak with us privately, and in conjunction with Pooh, the whole arena of The Animal Kingdom interdimensionally, as well as current dimension. Any questions that any of you would have of us?

(Inaudible response)

Francis: How do you know it was us?

(Inaudible response)

Francis: Ah, and therefore, ah indeed, we do our best to be of service when it is us directly or an emissary. Yes indeed!

The next one coming in will ask you the same question that I have just asked you. Farewell.

Teetee: Hi! ☺ ☺ I'm Teetee! One of the ways that you can best remember about me and my persona is that I was wing hit by Farena. ☺ ☺ What is my mission? Teetee!

Group balancing.

Teetee: Group balancing! What is my color? No help! What is my color?

Aqua.

Teetee: Aqua! Aqua! Oh, of course. Group balancing. Different from the Community of Self. How is it different from the Community of Self?

(There is a long silence) *You really have our wings filled for this coming year! Major review session coming up!*

We looked at our calendar and it said, Open House. That's just fun time!

Teetee: Well, it is!

I'll leave my notebooks right there!

Teetee: It is an orientation! You will not be graded!

Isn't Group Balancing more specific groups rather than The Community of Self is wider, larger, more numerous ~

Teetee: Very good, very good!

Not just like permanent ~

Teetee: Hopefully, not permanent in some cases! Groups, and your group can include any kind of combination from the Community of Self that you have found yourself with. It becomes the purpose for coming onto the earth plane ~ to have a group, it is impossible to be alone. It is impossible to be learning anything by yourself. There is always some Group Harmony ~ something always taking place. And if you look at the color aqua which you have ~ aqua. Close. Close. There is too much green! (Teetee is looking at the group's clothing colors) But fine and pretty!

We will have a lot to say in this particular educational year. Not just in the Practitioner Level, but in several of the workshops. Before it is all about groups our Spiritual Leadership Convocation is about group interaction and the way people interact with each other in terms of how they lead and follow and blend. We look forward to learning more with you. And we absolutely look forward to learning more with you!

Any questions before we go? Farewell!

Jenjura: My mission is The Webbing Effect. What is my name? ☺ ☺ Oh, that was easy then! The Webbing Effect. What is The Webbing Effect? A short definition. How would you describe it to our new entrant?

⚙ **A maze of energy that connects us back to the light somewhere ~ of our Self, our energy.**
⚙ **Interconnection of energy.**

Jenjura: Interconnection. It starts within Self. The maze with all of the lifetimes that you had and with all of the lifelines that you might have, and the parallel lives that might be occurring. So this wonderful maze of a web. And then it is connected to the web that exists in what that surrounds you?

Oh! Do not be afraid!

The energy circle.

Jenjura: The energy circle. And your energy circle then connects with what other? Before going to The Universal Consciousness you have an energy circle, and you and you and you, all have energy circles that are webbed, and therefore, they are webbed with other...?

Energy circles.

Jenjura: Very good! What is the saying? It's like pulling teeth? It creates this wonderful maze, and that is the journey. The objective is to take that maze and do what to it so that you can return to the Universal Consciousness? Sort it out and then, in sorting it out, what are you doing to it? It is a web, all interconnected and weaved together in order to return to the One, you must do what to that Web?

Straighten it out.

Jenjura: Indeed, straighten it out so that it is a clear path to the Universal Consciousness. That is the journey. And as you begin to do that, the holes if you will, in the web become bigger and bigger, and the bigger and bigger the holes become, the clearer you are able to see, the more tightly woven your web, the more difficult your journey. For you cannot see as clearly, and then as you clean it, the web becomes open more. It is therefore preparing itself for that straight line which then is that corridor right back to the old U.C.

(Inaudible comment)

Jenjura: That was very nice, my love. So we will have great fun this year Webbing Effect. We plan to have a bit of fun in the Healing the Earth gathering that is held on what you call Halloween. We plan to have much fun with, What Were You in Another Time? Connected with that we look forward to seeing you in that. Questions?

Any suggestions ~

Jenjura: Any suggestions. From our perspective, a quick solution could be perhaps a series of lifetimes that would have, perhaps one hundred to two hundred that could be in our perspective, quick. Long term of course would be thousands in a particular series of lifetimes, to get perhaps one component of the web cleaned out. It takes thousands and thousands and thousands of experiences for the average entity. For some entities, understand that they take on only a few lifetimes, therefore their web does not need as much cleansing as one who takes on many, many kinds of issues.

So again, it goes to that discussion of the percentages that each take on in a lifetime. And, my love, you love, you will be learning more about the percentages. It will come as just a reinforcement of what you already know. Now then, anything before we depart? Any other questions, besides wanting a quick fix? We could go poof! And it would be all gone, but then, what would happen?

Not enough money!

Jenjura: That's the correct answer. Not necessarily the one that you'd want to give, but it is the correct one! Well, you would go back to The Universal Consciousness. What would happen once you are back?

(Inaudible response)

Jenjura: What generally happens once an energy ~

You come back again!

Jenjura: And then you get the web!

You get ready to come back.

Jenjura: That's it! And so, yes, sometimes we do go poof! That can be done very easily. There is nothing written in stone that says once you come out you must follow the rules of going back. There are no rules for going back. It is when you want to go back. Easy, easy. But then there is no fun. The journey is the fun part. Indeed. Ah. We will bid you farewell for now.

Jacques: The Healing of Self. I am ~

Jacques.

Jacques: Jacques. My color is ~

(There is a silence)

Jacques: Oh, this one is so easy. Ah, we caught you!

Doing what? Doing what?

Jacques: Bad Metager! (Group bantering) Oh! We are shattered beyond description! What is the earth plane? Ah, now think about this ~ the earth plane component for healing. We did not leave anything up to imagination when we took this color.

Green.

Jacques: Yes. Green. What is our symbol? This is an easy symbol.

I am going to start looking over that way!

Jacques: You are not playing fair! We'll have a little talk with you!

- ⊗ Cue card, perhaps?
- ⊗ I'm clueless!

Jacques: Indeed! It is, remember, The Healing of Self. Yes. And what goes in there, my love? What does that mean? What is that dot representing?

I can't give you all the answers!

Jacques: See, one of the reasons Waith wanted to do this was to really have a good idea of the learning depletion that has occurred since the ending of the last educational season. It is apparently much, much more than we had realized! What does that little dot in the middle mean? Who does that represent? We represent The Healing of SELF.

Self!

Jacques: Indeed!

I didn't even look over there!

Jacques: Indeed! We try not to have any trick questions here! It is The Healing of Self.

- ⊗ **I forgot everything I knew!**
- ⊗ **We could go into very lovely altered states.**

Jacques: Apparently not altered enough!

I know! 😊 😊

Jacques: Our primary statement that comes from The Healing of Self discussions is ~ we will not even attempt to ask you ~ oh, this is something you know?

It's about forgiveness of Self for needing to be healed. I took that one to heart!

Jacques: Ah! Waith! There is hope! We have sent that message back! There is great hope! Forgive yourselves for needing to be healed. It is not Self Healing. It is The Healing of Self. Very big difference. Very big difference. We think it would be for you, my love, very appropriate to come to The Practitioner Level when The Healing of Self is discussed. Questions?

I guess, for me, I'm witnessing different people in my life right now who are going through a lot. I guess the best way to help them is just to send them love ~ to offer energy, not imposing. (Latter part of comment is inaudible)

Jacques: That is the correct behavior. Simply make it available. Send a little basket filled with whatever it is that you want them to partake of and if they want it, then it is available. If not, it simply sits there.

Energy.

Jacques: Indeed. Now, besides Farena left to come in to speak with you, who else?

Boopsie!

Jacques: Oh, Boopsie! Now see!

Everybody remembers Boopsie!

Jacques: We are testing in different ways here to see the level of awareness that you have. Boopsie will come in now. Farewell and the blessings to you.

Boopsie: Hello!

Hello!

Boopsie: Boopsie's my name and what's my game? Remember I did this to identify my mission? 😊 😊

I know, it scares me too!

Boopsie: We thought we had given ~

The easiest way to remember.

Boopsie: An easiest way to remember.

Gender harmony.

Boopsie: Boopsie's my name and gender is my game. You remember us doing that?

⚙ **Yes!**

⚙ **It seems so long ago!**

Boopsie: Maybe having a summer retreat is not a good idea! Or there should be some other little reinforcement during the summer to keep you on track. Gender. Gender Harmony. How do The Metagers remember the difference between Boopsie and Teetee?

It sounds like quite a question!

Boopsie: Marissa was doing some fliers and she put Teetee as Gender Harmony and Boopsie as Group Balancing and then they figured out a way to remember that Boopsie was Gender Harmony. That's why there's those little cues that you put in your head. What's the difference? Can any of you think what it might be? It is very earth planey.

⚙ **Boobs?**

⚙ **You're close. Keep going!**

⚙ **Any boob?**

Boopsie: It is very, very earth plane ~ there is nothing spiritual about it.

⚙ **That's what I thought!**

⚙ **That's what it is!**

Boopsie: What? Go ahead.

- ⚙️ You can say that word! 😊 😊
- ⚙️ Oh, poops!
- ⚙️ I hope that's not too familiar!

Boopsie: Oh! Too familiar? Ah! Not when it comes to Gender Harmony! 😊 😊 Working the crowd!

It gives a new definition, doesn't it?

Boopsie: Yes! And do not travel much further down that road! So many people think that they're very enlightened and that they have no issues of Gender Harmony. We always love that! We are looking forward to this coming year because for the first time we are going to be able to give some new information about Gender Harmony in The New Illusion ~ much more specific than simply saying gender will be the norm and opposite gender will not be the norm. Much more specific. And as Waith has been known to say recently, the fringe of information that you know now, people think it is really fringy information, will look mainstream after we give information this year. Lots of new stuff. Really getting into areas that people are so uncomfortable.

Make 'em squirm!

Boopsie: Indeed! Any questions?

Stay tuned for coming attractions!

Boopsie: Farewell!

Farena: Hi-i-i! You know me! Who am I? What's my name?

Farena is here!

Farena: Farena! I'm the one who has done the best promotional job of all of them!

She's published, you know.

Farena: I'm published! I'm a poet! Thank you! My poem is right over there with my plaque. It says Poet Farena. I'm special! I'm sorry! I am an exaggeration. 😊 😊

Thank you for telling us that!

Farena: Of all the others in The Company, I'm the one who drives the most people nuts! Isn't it wonderful? And in some gatherings I do it very specifically. I act really flaky. Fluffy, fluffy, fluffy, fluffy! My mission is to show the exaggeration of lightheartedness to bring it into balance so that people do not feel afraid of it. I am actually quite serious. What? If you can come next weekend, Barjan is going to be here. We're connected energy wise. He's finally admitted it! Accepted the fact! Beautiful music, lightheartedness. Barjan and I will be creating lots of new sounds through his keyboard. Beautiful

harmony, lightheartedness. Fluffy, fluffy, fluffy! Sure, they all took up the time! I have to go now! So Waith can come back! Bye!

Bye!

Farena: See you next weekend! Oooh! I can't wait! Bye!

Waith: Well then, they've all had their little discussions with you. It has been quite an eye opener, as you might say, for all of us. Although, I did warn them that they would be encountering a lowering of awareness due to not reinforcing the learning curve. We were trying to bring a lightheartedness to it rather than to say that it was what you have just called it. Indeed! But our work is done now. We wanted, my love, for you to meet the others in The Company so that you could feel their energy and have an understanding of them. To embarrass the three of you ~ as we have done ~ that is part of the test!

We embarrassed ourselves, actually!

Indeed! That is usually what happens. An entity embarrasses itself much more easily than someone else could embarrass it, you see.

It's part of the steps of forgiving ourselves for needing to be healed.

That is very good, very good.

(Inaudible remark)

My love, we would extend to you the invitation as was given to you by Jacques ~ that for any of The Practitioner Levels that you will have available with your time, that you would find to be enlightening, the material for this certification can be provided to you in the written form. Mushiba can give you that information. That will serve as a reinforcement type of situation. Your path goes in a direction that is related to Pooh ~ that will unfold. Your direction goes with Mushiba, more specifically, and with us. It all goes with us eventually.

The three of you have ~ I do not want to say dubious pleasure ~ that would not be kind ~ you have the pleasure, let's not give an adjective, of being under the wing, so to speak, of Mushiba in your learning. And, judging from your responses today, she is going to give me quite a lashing later on in terms of what she has to do to bring you back up to speed! No, actually, this is a very common behavior.

She also took on the mode of teaching in this Illusion, so that her tolerance levels for this are really quite, mostly unlimited ~ there is a tremendous understanding ~ as it is with us, that learning needs to be reinforced. That is simply the way that it is until you finally have it ingrained. And when you do not use it, it simply diminishes and then it comes back as you reinforce it. There will be that reinforcement. Well, that's it. We've been cut off. Time is up, as they would say. We have accomplished our objectives. We hope that you have accomplished your objectives.

We would also in our closing with you say that the entry into the tunnel of light ~ the spirit of Limeria ~ as you know, is imminent and simply send the light, that is all. Send the baskets of light. All is well and we are well prepared so that there is nothing that the dark can do to snatch her ~ for she would be quite a prize if they were to get her ~ but that will not happen, we assure of that at this point. Lots of light! For her job has been well done. We depart now. And, you will indeed be entertained in The Harmony and Creation grouping. We thank you for being here with us, for responding to the call. And give your mother a special fluffing from us, my love. We are with her for her journey.

We send to you all the very Highest of the White Light from the very Highest of the Kingdom of Amelius. Farewell.
