EARTH CHANGES

*Waith: We bring to you all the very Highest of the White Light from the very Highest of the Kingdom of Amelius. Greetings.*

**Greetings. Hi.**

*We are here to talk about what seems to be so prevalent on everyone's mind, as it is called. What is it that is on everyone's mind?*

**War.**

*Indeed, the war, or as we frame it in a larger context, it is part of the Earth changes that are currently being undergone by the Earth ~ hence the phrase, Earth Changes. That is a joke!! Do not give us a hard time, now. ☺ ☺ ☺ We want you to be lighthearted, especially after (Name given)'s beautiful expression of love and harmony (The Cloth of Many Colors ceremony).*

*We are not serious. Remember this. We take what we do seriously, the mission that we have, and the information that we have to give you, but we do not take ourselves seriously, nor do any of the six in our Spirit Group, especially Farena, who will come in now just for a moment and say hello, and return later to give a little bit of a group fluff up. So she will enter just for a moment now.*

*Farena: Hi!!! Hi!!!*

*Hi!! (Much group laughter and interaction)*

*(Farena spends the time in gleeful and fluffy interaction with the group)*

*Farena: I have to go now. I will be back. Bye!!!*

**Bye, Farena ~ thank you!**

*Waith: We will now address the Earth Changes. This is an update, if you will, on the situation that the Earth is feeling currently. The Earth, remember, is the housing component for what is referred to as the earth plane. The earth plane, then, is physical, and it is as you might refer to it, ethereal or in spirit ~ it has many layers of itself, just as each of you now in your physical have many layers, or spirits, or dimensions of Self ~ concrete, abstract. You all have that. Well, so does the Earth.*

*And just as you would be cleaning yourself, for whatever the reason ~ you are feeling an illness or you simply need to clean out the old energy so to make room for the new energy, so too does the Earth.*

*The Earth is just like each of you ~ it has layers upon layers ~ dimensions, as we like to call it, of itself. And these dimensions now are filtering through the Earth into the concrete. They are cleaning themselves. And because the Earth is the host ~ or as we call it, the training ground for all these other energies ~ human, animal, mineral, wind, a speck of dirt, the carpet upon which you sit, the glass that makes up the table ~ because the Earth hosts all of these energies, it finds itself, periodically, needing to change its own energy and move into a new energy.*

*In order to do that it must cleanse itself, and that means that all of the energy systems that are a part of the Earth must undergo a cleaning ~ and implosion within itself. Once that is completed, the new energy is ready. The Earth, then, is currently moving into a new energy for itself. We call it The New Illusion.*

*The way in which an illusion closes and opens relates entirely to energy. There are physical changes that will occur with the Earth. The axis upon which the Earth rotates now will flip ~ create changes in the Earth and shake out the final remnants of the old energy. Everyone ~ human, animal, all energy that is encased on the Earth ~ at that time of flipping will go into an altered state or another dimension, a shelter. Most people will not even know that it has happened, and you will wake up in The New Illusion. Everything will be as it seems to be ~ normal.*

*In order for this new illusion to come into place, everything at the end of an illusion goes into an exaggerated form, and what appears to be an exaggeration of darkness. But it is not. It is simply an exaggeration of energy that is no longer able to function for the Earth's new energy. And so the Earth is getting rid of all of those creatures, if you would want to call it, that are creating blockages for its own energy.*

*Why would the Earth do such a tremendous undertaking? It is a training ground. It is where energy learns love, learns to become nonjudgemental, learns about Self ~ and as a result grows, vibrationally ~ you learn your lessons. But you cannot learn your lessons in just one life. It is a process by which you learn something in this life and then you learn something in another life, and it carries on.*

*Thus, you have what we call, Levels of Awareness that exist on the plane. There are those who would want to fight back when attacked. There are those who would say, "No, there must be another way to settle our disagreement. We do not want to fight back. We want to try something else." It is the ultimate battle between what we would call, as your frame of reference, the dark and the light.*

*However, it is much too simplistic to say it is the battle between the dark and the light. It is simply the battle that exists between levels of understanding, and each level of understanding that an entity has is in competition, if you will, with the level of understanding of another, and the disharmony that comes as a result of that.*

*Thus, what is simply occurring now is that there are those who want to have war and those who do not. But the battle must occur between the two opposing forces. It is also a good way to avoid the rush at the end of this illusion ~ group departures generally*

*entail a good number of energy forms, not just human ~ anything that is encased is energy.*

*So this war that you have, and all of the systems that are affected ~ your social systems, your political systems, your economic, governmental ~ they are all imploding, for they have reached their own sense of exaggeration. They can no longer function, because the opposing parties have gripped together, and it is the peripheral that attempts to break that grip, and the peripheral is the light, as you would call it. And there is much peripheral activity occurring.*

*At the end of an illusion it presents the most wonderful opportunity for the light to truly come into its own and put into the memory banks of the Soul the spreading of light so that moving into The New Illusion ~ those who decide to stay for The New Illusion, for not everyone will want to stay, they will want to leave at the time of switching only because they do not want to stay, or they are not vibrationally attuned for the new energy of the Earth during its setup time ~ this is all that is occurring, the Earth is cleaning itself.*

*The weather patterns are what the Earth uses as an indicator of its own cleaning. What you see going on now in what you call the Middle East we had predicted would occur quite some time ago. However, it is not going to be the war that will be on people's minds soon. It will be an Earth event in the Middle East that will be taking over, and it will be one that will divert the attention from war into community, and giving, once again as the Earth does all the time, opportunities for bringing Self more in tune with the Earth's changes, for the Earth has cleaned itself almost completely. As we have said, it is the next to the last stage of cleaning, and the Earth event in the Middle East will signal the end of this next to the last stage. And that means that the Earth, then, goes into its final stage of cleansing.*

*You think things are exaggerated now ~ hang on. It will be beyond what you could imagine now. However, it is nothing that you will not be able to handle because you are here. If you are not able to take on that which will occur in this final stage, you would have left already.*

*This is why you are seeing massive departures of energy, because they had decided that they did not want to stay because they were not vibrationally ready ~ they had not spent enough time on the earth plane in the numbers of lifetimes. So they simply said, "Time to go ~ will wait until The New Illusion is ready to receive energy that is ready to work within that energy field. That is all that is happening now. And so you are all here ~ that means that you are ready to take on the next day.*

*Take each day, one by one, and deal with each day and the activities and the opportunities that are presented to you. Do not worry about, "Oh, Waith, will I be staying for The New Illusion?" You may or you may not. If you do, then you will know. If you do not, then you will not know ~ it is as simple as that. ☺ ☺ If you are going to stay for The New Illusion, you will be staying. How much simpler does it need to get?*

*And, if you are here right now, it means you have the strength within to deal with what is presented. And, if at some point before the illusion closes, you, at higher levels of Self say, "Really, do not want to do this ~ want to wait, come back and do it again," then you will leave. It is as simple as that!*

*The Earth changes, then, now are all predictable. We predicted fifteen years ago when we first began speaking through Mushiba, that this point in, as you measure it, time, would be arriving. We do not give a definitive time to when this Earth event will occur ~ time is seen as fluidity to us. But the events leading up to that which will create what we would call the earthquake, are in place now. It does not take a high level spook from another dimension to tell you that bombs going off on the ground in a volatile area of the world for earthquakes, is going to create an earthquake! You can pretty much figure that out yourself! ☺ ☺ We just bring it into focus*

*You will be called upon for service in very different ways. You will not necessarily be running over to the Middle East to render assistance, although some will. Everyone will be called to service in some way. Simply participating in a Circle of Light is a way of participating, is of being of service, for it is truly in the sending of light from Self to the world that the Earth heals. This is the only way.*

*It must come from within before it can go out ~ it is what our GUIDELINES FOR GROWTH has been about. Respect Self and Love Self first and then you can Respect and Love Others to the same degree that you Respect and Love Self. It is always about the Journey within Self. You give what you have to others. It is that Journey within Self that we are here to guide you with ~ to give you tools, to find the peace within Self, to find the joy, to be serious, to be unified, to love, to respect, to be of service, all within Self. Naturally, then, it extends.*

*The activity that you engaged in prior to our entry (The Cloth of Many Colors) was one such Circle of Light that sent tremendous energy and light. Regardless of the words that are used, it is the light ~ the light from Self.*

*So, the Earth now is very near its final cleansing. And it needs your light more than ever. Terra Lux deliberately chose this name using the Latin, Earth Light ~ MAY THE EARTH LIGHT BE WITH YOU is the slogan, if you will, of Terra Lux. The Earth has much light that it gives constantly to all the energies it hosts. It is time now to give light to the Earth ~ more than ever.*

*And as you give light to the Earth, you are giving light to each other and to Self, for what you give to another, you give to Self, for The Universal Consciousness, The One, whatever name you would want to give it ~ God, Allah ~ whatever name is given to that Highest Force, it is The One, it is each of us ~ separate, yet One. Thus, we give light to Self first and then to others and then we receive it right back to Self. That is how it works.*

*If everyone practiced that, it would be one boring little earth plane. ☺ ☺ Think about it. There would be nothing to do because everyone would be loving everyone else and respecting everyone else and there would be no conflict. But, then, there would be*

*nothing to learn and that is what being in The One is all about ~ there is nothing to learn ~ it is all love, peace and harmony in The One. That is why everyone jumps out of The One ~ to play, to have fun.*

*The earth plane is a playground. It may not feel like you are playing. ☺ ☺ ☺ We know. We are not on the earth plane right now! It is easy for us to say, ☺ ☺ “Sure, it’s a playground, Waith!” But it is, you see, for being in The One means that there is nothing to do. Everyone agrees with everyone else ~ think about it ~ how boring that gets after a while.*

*And when things seem to be just running very smoothly in your life, something happens, does it not, that creates a new opportunity. That is what the earth plane is all about. And that is why there are varying levels of understanding. There have to be those who see, “The only way out is war. The only way out is to fight,” because that gives, then, those who believe otherwise, an opportunity to try and bring those who believe in “the war” closer into a higher level of understanding, for as we increase in our levels of understanding about spiritual, The Universe requires that we help others to come to those levels of understanding.*

*And that is why you are all gathered here now ~ one of the reasons ~ because The Universe has called upon you to be of service. You joined in a Circle of Light that has been formed and carried on with thousands and thousands of others. You are joining a much larger Circle of Light ~ that is powerful.*

*And so you are of service ~ even if you are not giving blood. You are giving energy ~ blood is energy and so you give, each of you, something ~ a thought form is an energy. It is no different than the physical blood. So, do not diminish in any way your service to the world. If you see another who appears to be doing so much ~ so much fanfare perhaps ~ that is their path. Everyone is doing what they are called upon to do, and the Earth, now, needs more than ever your love, and your energy and your light.*

*Comments, questions?*

**When you talk about the pole shifting, is that going to happen all at once?**

*Yes.*

**It’s not going to happen by little degrees?**

*It has been swaying back and forth. When you see dramatic weather, whether it is the hurricanes, tornadoes, earthquakes, the three weather events that are cleaning the Earth ~ when they are in their extreme mode, that means that the Earth is moving very imperceptibly back and forth ~ not enough that it would create a flipping. The flipping, when that happens, all energy on the plane will have been brought into an interdimensional shelter.*

**It’s going to be major?**

*You will not know it.*

**I mean, that's why.**

*The Earth itself, yes. And what that does, then, is it helps the Earth to create its own new illusion, physically, for the poles shift, and rather than going North to South, they go East to West. And the geographic area in which you find yourself now (North Central Connecticut), if you happen to end up in this geographic area in The New Illusion, this will be tropical, as you now know it ~ it will have a different flavor to it, but it will be tropical. But it will not seem anything but normal to all of you. You will be trained and given information in the interdimensional shelters. To you it will seem like you have gone to sleep ~ that is all. You will wake up, get dressed and go to work, just like you do now and it will not seem any different.*

**What is the span of time that is in between the shifting and the setup?**

*It is infinitesimal in terms of, as you measure time, perhaps one to two earth plane days. But it will not even be known. You will not even realize that there has been time that has elapsed. And time will be measured differently in The New Illusion. But it will be normal. What is an hour now will be not an hour as you know it now in The New Illusion. It will be different, but it will be normal. So you will be aging in a different way, and a day will be different than it is now.*

*You notice we have been careful not to tell you whether it is more or less! 😊😊 That has been one of the major questions in the past fifteen years, "What will the Earth look like in The New Illusion? How many moons will there be?" It does not matter for you to know that information now, mainly because you will not have, now, that frame of reference that would give you the description in the new energy flow. But when you are in that energy flow, you will be waking up, getting dressed and going about your business as you did today, and it will be very normal.*

**It will be a better Earth? Better people? More spiritual? Is that going to change?**

*In the first five hundred or so years at the beginning of an illusion, there is what we refer to as harmony. The earth plane, however, is a training ground of disharmony, and so there will be, however, as we like to give people as a goal, to find harmony within the disharmony.*

*The New Illusion, at the beginning, will have that harmony within the disharmony. There will be large segments of energies who will believe that this is the only concreteness that has ever been known ~ just as there is now, "There was never an Atlantis ~ there was nothing before six thousand years ago because we can't trace human beings beyond that time."*

*There will be other groups of people who will know very, very clearly that this is a New Illusion ~ they will remember this current illusion. Then, there will be a whole group of people in between who will say, "Ah, this group has some valid points, and this other group has some valid points, but I'm not quite sure which one I want to believe ~ I have to go within Self." This is no different than what is existing currently.*

*The difference, however, at the beginning of the next illusion will be that there will be no infighting, there will be no hostility, there will not be the groups fighting each other as there is now, “No, believe my truth.” Or, “No, I have the only one truth,” is what you hear now.*

*In The New Illusion ~ for the first five hundred to one thousand years ~ there will be the harmony that respects the truth of another. There will be the recruitment efforts, as there are now, to go into one particular group. After that initial setup, then it all begins again. Then the imbalances begin. Each illusion takes approximately six to fifteen thousand earth plane years to run through.*

*So, as the illusion moves along, things begin to become more imbalanced. It comes to the middle of the illusion, and that is when the equilibrium begins to really say, “All right now, it’s time to start getting really out of balance.” And then it is the end of that illusion and everything is exaggerated again. And then it starts all over!*

*Those who leave at the end of an illusion, and do not choose to go into the next illusion, wait until that settling in time in that New Illusion occurs, because when they left, they left a very disharmonious environment. They cannot, vibrationally, line up with the first part of The New Illusion. They wait until that equilibrium begins to change a bit and then it is a free for all.*

*So, those who come into The New Illusion are those who may have left at this time in the illusion because they simply did not want to stay, or they were finished what they had come in to do, but they were vibrationally attuned ~ they could have moved into the next illusion. So, they decide, “We’ll wait, when it’s all setup, maybe two, three hundred years, we’ll come in.”*

**That’s what I don’t quite understand. Where do they go?**

*They go into another dimension ~ there are many, many training grounds. The earth plane is one of infinite numbers of training grounds.*

**So we never really leave, we just go into another dimension?**

*Absolutely, my love. And you go into another form, another encasement. So your energy leaves the encasement that you are currently in. It goes into generally what we call a resting place which has encasements. So your energy moves into another encasement, rests, evaluates and decides what it wants to do next. It may decide to come back on the earth plane and do some more things, or may go into another training ground that is part of the earth plane.*

*And then, when it decides it wants to come back into the illusion ~ it can wait several illusions, for there is a Portfolio of Illusions that takes approximately one million earth plane years to go through. So you could come back in three illusions from now, and in the meantime, you have been out doing other things to grow, to strengthen, to learn.*

**When the Earth tips ninety degrees, will it continue to revolve the East, West, which is now North, South ~ or North, South?**

Yes! 😊 😊

**So, when it tips, will it continue its revolution but it will be a North, South revolution?**

Yes.

**So that would be one side always sunny, and one side always dark.**

*By your frame of reference now, my love. That is why we do not give concrete descriptions of the Earth in its next illusion because, unless you go within Self to focus, to go into an altered state and find yourself when you were in the illusion that is coming next ~ you were in it before, when it was here on the plane ~ you would then be able to connect and say, "Ah, that is the frame of reference. I see it."*

*And, in fact, that brings up a reinforcement. At the end of an illusion, because there is so much energy being transferred around the Earth, there are flows of energy, that if you take and make the opportunity, you can plug into and flow into the next illusion, if you have been in that illusion in the past ~ in another lifetime ~ and you can relive, in the dream state, in a focusing state, a particular life and then gain that frame of reference.*

*There will be areas of the Earth that will have predominate light and areas of the Earth that will have predominate dark. However, for you to look at dark, as some would, as horrible, "Oh, I hate it when it's dark." Or there are others who do not like the light. They like the darkness ~ they prefer to live when it is dark, and there are others who prefer to live when it is light.*

*And so, understand that the frame of reference of energy in this next illusion will not have the same lesson learning for living in dark areas and light areas as it does now. The body, the encasement, will be flowing in a different way ~ it will be flowing East to West in its energy, which means that it will be accommodating, then, that geographic area in which it needs to be ~ in which you will find yourself. And, being dark all the time or being light all the time will be normal.*

*Does that answer your question?*

**But that's the way it is now. Iceland is very dark.**

*Indeed. But there are other parts of the globe that have mostly light or mostly dark, or others that have combinations of that ~ and it will not be the way it is in The New Illusion. But to go any further in that description would tilt many of you. We have given enough, if you will, and that was a very good question ~ a good way of getting us to answer a description of The New Illusion that we have hesitated to give in the past.*

**Two part question. If we decide we want to go into The New Illusion, will chronological age of our encasement matter?**

*Nice try! 😊 😊 You asked us that before, my love!*

I did?

*Oh, indeed! We remember questions like that.*

**Well, the other part is, if we incarnate with the same souls for various lessons, from lifetime to lifetime, does that mean that if the souls that we've incarnated with in this experience, and we all choose to go into the next illusion, that we'll be together?**

*Maybe ~ maybe not. It depends what the path of each is about. You may indeed continue into the next illusion with those who you have been with, and you may not. It may mean that they have moved into another part of the plane ~ they are in another geographic area, or they have left, for whatever the reason.*

*It is all about whatever your path is, you see. And when we said that time will be measured differently, leave it at that. We will not indicate whether you will be younger ~ a younger version of yourself or an older version of yourself ~ ☺ ☺ ☺ and, indeed, what the life span will be.*

*And while this is not true for this next illusion, in other illusions, the illusion for humans is that they come in fully grown, as an adult, and rather than increasing, as a baby would do, there is the reduction. It is a movement, as you would call it now, backward. But it is a life span and that is normal ~ but that is not for The New Illusion ~ that is several illusions after it. But it will be normal ~ so do not worry about it.*

**I'm not worried. I'm just really curious!**

*It is understandable that you have those questions ~ it has been part of the question base for our entire time through Mushiba. We have tried to indicate, however, to people that it is all about your own energy ~ that is all it is about. Do not worry about the minutia of it.*

*You are in an illusion now ~ you have been in others illusions ~ and some of you have been in other illusions, at the end of that illusion, when such meetings as this were being held and you were asking the same questions, "What will I look like in the next illusion!" ☺ ☺ It matters not. You will look like what you are meant to look like, because you have chosen, at higher levels of Self, what it will be that you will look like.*

*You go to The Menu and say, "I want a little pug nose, I want beady eyes, I want a fish mouth." You can choose however you want to look. That is always the way it is. You have no one to blame but Self for the way that you look! ☺ ☺ You choose your energy line through which you enter ~ physical characteristics of the energy line. It becomes much more complex, which we have placed on the record and which we make available for classes here (at Terra Lux) to learn more about energy and the energy line and all of that ~ much more beyond what we want to give you now.*

*In conclusion, for our Earth changes, the important thing to remember is to live your life every day. Do not be concerned about the future ~ the future happens as a result of what you do right now.*

*Concentrate on doing the very best that you can with love and respect of Self first ~ and then to give that out to those around you. Respond when The Universe calls upon you, and it will be in small ways for most, and for some it will be in large ways. Respond by sending your love and your light and all that you have learned about Self. It is as simple as that!*

*Farena, now, will enter in to give you a closing fluff. She is our Emissary of Lightheartedness, because, so often, even though we try to keep things light, our information sometimes will bog down the energy and you all become sooooo serious ~ and she is able to break that energy. We will return to close out the energy field.*

*Farena: Helllooo again!!* (Farena engages the group in a lighthearted activity with items from her Harmony Basket. There is much laughter and joy filled energy)

*It is time for me to leave ~ fluffy, fluffy and much light and energy! Bye!*

**Bye, Farena. Thank you!**

*Waith: Now that you are all fluffed, it is time for us to depart. We have been most pleased to have been of service to you and we look forward to seeing you, as the saying goes ~ we do not see you, but we do ~ in the near future.*

*Such beautiful energy with you all. We are most blessed to have been in your vibration and we thank you for sharing your vibrations with us.*

**Thank you, Waith.**

*And, your light ~ carry on the light. We send to you all, now the very Highest of the White Light from the very Highest of the Kingdom of Amelius. Farewell.*

**Bye!**
