# EARTH CHANGES

(THIS TRANSCRIPT IS AN EDITED VERSION OF THE WAITH CLASS OF NOVEMBER 3, 2001)

*Waith: We bring to you the blessings. Our topic of discussion is EARTH CHANGES.*

*The Earth is the housing component for what is referred to as the earth plane. The earth plane is physical and as you might refer to it, ethereal or IN SPIRIT ~ it has many layers of itself, just as each of you, now in your physical, have many layers or dimensions of Self. Concrete and abstract is something you all have ~ and so does the Earth.*

*Just as you would be cleaning yourself, for whatever the reason ~ you are feeling an illness or you simply need to clean out some old energy to make room for new energy ~ so, too, does the Earth. The Earth is just like each of you ~it has layers upon layers ~ dimensions as we like to call it ~ of itself.*

*These dimensions are now filtering through the Earth into the concrete ~ they are cleaning themselves. The Earth is a training ground and the host for all other energies ~ human, animal, mineral, wind, a speck of dirt, the carpet upon which you sit, the glass. Because the Earth hosts all of these energies, it finds itself, periodically, needing to change its own energy and move into a new energy.*

*In order to do that it must cleanse itself. This means that all of the energy systems that are a part of the Earth must undergo a cleaning ~ an implosion within itself. Once that is completed, the new energy is ready.*

*The Earth, then, is currently moving into a new energy for itself ~ we call it THE NEW ILLUSION.*

*The way in which an illusion closes and opens relates entirely to energy. There are physical changes that will occur with the Earth. The axis upon which the Earth rotates now, will flip which will create changes in the Earth and shake out the final remnants of the old energy.*

*All energy that is encased on the Earth at that time of flipping will go into an altered state or another dimension ~ a shelter. Most will not know that it has happened ~ you will wake up in The New Illusion and everything will seem to be normal.*

*In order for this new illusion to come into place, everything at the end of an illusion goes into an exaggerated form. What appears, however, to be an exaggeration of darkness is not ~ it is simply an exaggeration of energy that is no longer able to function for the Earth's new energy.*

*The Earth is eliminating everything that is creating blockages for its own energy. Why would the Earth do such a tremendous undertaking? It is a training ground ~ it is where energy learns love, how to become nonjudgemental. An energy learns about Self and as a result grows, vibrationally.*

*You cannot learn your lessons in just one life for it is a process by which you learn something in this life and then you learn something in another life and it carries on. Thus, you have what we call, Levels of Awareness that exist on the plane.*

*There are those who would want to fight back when attacked. And, there are those who would say, "No, there must be another way to settle our disagreement ~ we don't want to fight ~ we want to try something else." This is the ultimate battle between what we would call, as your frame of reference, the dark and the light.*

*However, it is much too simplistic to say it is the battle between the dark and the light. It is simply the battle that exists between levels of understanding. And each level of understanding that an entity has, is in competition, if you will, with the level of understanding of another ~ and disharmony can be a result of that difference in levels of understanding.*

*What is occurring now is that there are those who want war and those who do not. The battle must occur, however, between the two opposing forces. All of the systems that are affected by this current war are imploding.*

*Social, political, economic, governmental systems have reached their own sense of exaggeration ~ they can no longer function because the opposing parties have clinched together. Peripheral energy forms attempt to break that grip.*

*The peripheral is the light ~ and there is much peripheral activity occurring.*

*The Earth is cleaning itself so it can end the current illusion and bring itself into a new energy. The end of an illusion presents a wonderful opportunity for the light to truly come into its own and place into the memory banks of the Soul the spreading of light.*

*The weather patterns are what the Earth uses as an indicator of its own cleaning. What is going on now in the Middle East we predicted quite some time ago would occur.*

*However, it is not going to be the war that will be on people's minds. It will be an Earth event in the Middle East that will be taking over. It will be one that will divert the attention from war into community and giving, as the Earth once again provides opportunities for bringing Self more in tune with the Earth's changes.*

*The Earth has cleaned itself almost completely ~ it is in the next to the last stage of its cleaning. The Earth event in the Middle East will signal the end of this next to the last stage and a movement into its final stage of cleansing.*

*The exaggerations will increase now. However, it is nothing that you will not be able to handle because you are here. If you are not able to take on what will occur in this coming final stage, you will leave.*

*You are seeing massive departures of energy because they decided that they did not want to stay. Or, they were not vibrationally ready ~ they had not spent enough time on the earth plane in their numbers of lifetimes. So, they simply said, "Time to go ~ will wait until The New Illusion is able to receive energy that is ready to work within that energy field."*

*Not everyone will want to stay for The New Illusion ~ they will want to leave at the time of switching only because they do not want to stay or they are not vibrationally attuned for the new energy of the Earth during its set up time.*

*You are all here ~ that means that you are ready to take on the next day. Take each day, one by one, and deal with each day and the activities and opportunities that are presented to you.*

*Do not worry and say, "Will I be staying for The New Illusion?" You may or you may not. If you do, then you will know. If you do not, you will not know at the concrete for you will have left ~ it is as simple as that. ☺*

*If you are going to stay for The New Illusion, you will be staying. How much simpler does it need to get? And, if you are here right now, it means you have had the strength within Self to deal with what has been presented. If, at some point before the illusion closes, you at higher levels of Self say, "Really, do not want to do this ~ want to wait, come back and do it again," then you will leave.*

*The Earth changes are predictable ~ we predicted fifteen years ago when we first began speaking through Mushiba that this point in time would arrive. We do not give a definitive time to when this Earth event will occur ~ time is seen as fluid to us.*

*However, the events are in place now that will lead up to what will create what we would call the earthquake.*

*It does not take a high level spook from another dimension to tell you that bombs going off on the ground in a volatile area of the world for earthquakes, is going to create an earthquake! You can pretty much figure that out yourself!! ☺ ☺ We just bring it into focus*

*As a result of this earthquake, you will be called upon for service in different ways ~ you will not necessarily be running to the Middle East to render assistance, although some will. Everyone will be called to service in some way. Participating in a Circle of Light is a way of being of service, for it is truly in the sending of light from Self to the world that the Earth heals.*

*Light must come from within before it can go out ~ it is what our GUIDELINES FOR GROWTH is about. Respect Self and Love Self first and then you can Respect and Love Others to the same degree that you Respect and Love Self. It is about the Journey within Self ~ you give what you have within Self to others.*

*It is that Journey within Self that we are here to guide you with ~ to give you tools, to find the peace within Self, to find the joy, to be serious, to be unified, to love, to respect, to be of service, all within Self. Naturally, then, it extends.*

*The Earth is very near its final cleansing ~ and needs your light more than ever. Terra Lux deliberately chose its name using the Latin, Earth Light ~ May the Earth Light be with You is the slogan, if you will, of Terra Lux. The Earth has much light that it gives constantly to all the energies it hosts.*

*It is time to give light to the Earth ~ more than ever ~ and as you give light to the Earth, you are giving light to each other and to Self. What you give to another, you give to Self.*

*The Universal Consciousness, The One, whatever name you would want to give it ~ God, Allah ~ is The One, it is each of you ~ separate, yet One. Thus, give light to Self first and then to others and then receive it back to Self.*

*If everyone practiced this concept, however, it would be one boring little earth plane. ☺ There would be nothing to do because everyone would be loving and respecting everyone else ~ and there would be no conflict and, thus, nothing to learn.*

*The earth plane is a playground. It may not feel like you are! ☺ ☺ Being in The One means that there is nothing to do. Everyone agrees with everyone else ~ think about how boring that gets after awhile. ☺ When things seem to be running very smoothly in your life, something happens ~ does it not ~ that creates a new opportunity for growth.*

*This is what the earth plane is about ~ there are varying levels of understanding. There have to be those who say, "The only way out is war ~ the only way out is to fight." This gives those who believe otherwise an opportunity to try to bring those who believe in war closer to a higher level of understanding.*

*As you increase in your levels of understanding about spiritual, The Universe requires that you help others to come to those levels of understanding.*

*Do not diminish in any way your service to the world. If you see another who appears to be doing much and with fanfare, that is their path. Everyone is doing what they are called upon to do and the Earth now, needs more than ever your love, energy and light.*

**When you talk about the pole shifting, is that going to happen all at once or by little degrees?**

*The planet has been swaying back and forth for some time now. You see dramatic weather ~ hurricanes, tornadoes, earthquakes, the three weather events that are cleaning the Earth. When they are in their extreme mode, it means that the Earth is moving very imperceptibly back and forth although not enough that it would create a flipping.*

*When the flipping happens, all energy on the plane will be brought to an interdimensional shelter and you will not be aware of the shifting since you will be in that shelter.*

*You will be trained and given information in the interdimensional shelters. To you it will seem like you have gone to sleep ~ that is all. You will wake up, get dressed and go to work, just like you do now and it will not seem any different.*

**What is the span of time between the shifting and the set up?**

*You will not realize that there has been time that has elapsed. Time will be measured differently in The New Illusion ~ it will be normal. What is an hour now will not be an hour ~ as you know it now ~ in The New Illusion.*

*You will be aging in a different way and the length of a day will be different than it is now. You notice we have been careful not to tell you whether it is more or less!! 😊*

*It does not matter for you to know that information now, mainly because you do not have the frame of reference that would give you that description of the new energy flow. When you are in that energy flow, you will be waking up, getting dressed and going about your business as you did today ~ and it will be very normal.*

**Will it be a better Earth with better people who are more spiritual?**

*In the first five hundred or so years at the beginning of any of the illusions, there is harmony. The earth plane, however, is a training ground of disharmony. Our guidance over the years has focused on entities finding harmony within the disharmony.*

*At the beginning of The New Illusion you will have that harmony within the disharmony.*

*There will be a segment of energies who will believe that it is the only concreteness that has ever been known ~ just as there is now ~ and who say, "There was never an Atlantis ~ there was nothing before six thousand years ago because we can't trace human beings beyond that time."*

*There will be another group of people who will know very clearly that it is a new illusion ~ they will remember this current illusion.*

*Then, there will be a significantly larger group of people, in between these two groups, who will say, "This group has some valid points and this other group has some valid points and I'm not quite sure which one I want to believe ~ so I have to go within Self."*

*These groupings of people are no different than what exists currently. The difference, however, at the beginning of the next illusion is that there will be no infighting, no hostility. There will not be the groups as now who say, "No, believe my truth" or "No, I have the only one truth."*

*In The New Illusion ~ for the first five hundred to one thousand years ~ THERE WILL BE THE HARMONY THAT RESPECTS THE TRUTH OF ANOTHER. There will be the recruitment efforts,*

*as there are now, to go into one particular group ~ it will be harmonious however. And after that initial set up, then it all begins again ~ the imbalances.*

*As the illusion moves along, things begin to become more imbalanced. When the middle of the illusion is reached, The Universe begins to say, "All right, now it's time to start really get out of balance." Life continues to move along and then it is the end of that illusion and everything is exaggerated again ~ as it is now ~ and then it starts all over!*

*Those who leave at the end of an illusion have chosen to not go into the next illusion because they simply did not want to stay or they were finished with what they had come in to do.*

*So, they say, "We'll wait and when The New Illusion is all set up, we'll come back on the earth plane." They left a very disharmonious environment and they cannot, vibrationally, line up with the first part of The New Illusion. They wait until that equilibrium begins to change a bit and then it is a free for all!! ☺*

**That's what I don't quite understand. Where do we go?**

*You go into another dimension ~ there are many, many training grounds. The earth plane is one of infinite numbers of training grounds.*

**So, we never really leave, we just go into another dimension?**

*Yes, my love. And you go into another form ~ another encasement. Your energy leaves the encasement that you are currently in and goes into what we call a resting place ~ that has encasements. Your energy moves into another encasement, rests, evaluates and decides what it wants to do next. You may decide to come back on the earth plane and do more ~ or you may go into another training ground that is part of the earth plane.*

*You can wait for several illusions to return to the earth plane for there is a PORTFOLIO OF ILLUSIONS that takes approximately one million earth plane years to go through. You could come back in three illusions from now and, in the meantime, you are out doing other things to grow, strengthen and learn.*

**If we decide we want to go into The New Illusion, will chronological age of our encasement be the same as it is now?**

*Nice try!! ☺ ☺ When we said that time will be measured differently, let us leave it at that. We will not indicate ~ at this point in time ~ whether you will be a younger version of yourself or an older version of yourself and, indeed, what the life span will be.*

*However, at the end of an illusion, because there is so much energy being transferred around the Earth, there are flows of energy that, if you take the opportunity, you can plug in and flow into the next illusion. If you have been in that illusion in the past ~ in another lifetime ~ you can relive, in the dream state, in a focusing state, a particular life and perhaps gain the frame of reference that would give you that information you seek.*

**If we incarnate with the same souls for various lessons, from lifetime to lifetime, does that mean that if the souls that we've incarnated with in this experience ~ and we all choose to go into the next illusion ~ that we'll be together?**

*Maybe ~ maybe not. It depends what the path of each is about. You may, indeed, continue into the next illusion with those who you have been with ~ and you may not. It may mean that they have moved to another part of the planet ~ it is about your path and your own energy.*

*Do not worry about the minutia of it. You are in an illusion now and you have been in others illusions. And some of you, at the end of those illusions when such meetings as this were being held, were asking the same questions, "What will I look like in the next illusion!" ☺ ☺ It matters not ~ you will look like what you are meant to look like because you have chosen, at higher levels of Self, what it will be that you will look like.*

*You can choose from The Menu how you want to look. You have only Self to blame for the way that you look! ☺ ☺ You choose your energy line through which you enter ~ physical characteristics of the energy line.*

*The important thing to remember is to LIVE YOUR LIFE EVERYDAY. Do not be concerned about the future ~ the future happens as a result of what you do right now. Concentrate on doing the very best that you can with Love and Respect of Self first ~ and then to give that out to those around you.*

*Respond when The Universe calls upon you ~ it will be in small ways for most ~ and for some it will be in large ways. Respond by sending your love and your light and all that you have learned about Self. It is as simple as that! Carry on The Light.*

*We send to you all the very highest of the white light from the very highest of The Kingdom of Amelius. Farewell.*

**Bye and thank you, Waith!**
